

Dallas County Moves to a Paperless Office with *ECMNOW!*

DALLAS COUNTY

As a busy county government office, Dallas County, IA is comprised of many departments. Because space is scarce, a paperless office has become their goal. They turned to *ECMNOW!* and Panasonic to help with scanning, storage, retrieval, and process concerns. Many departments in the county have already switched to a digital office, with many more to come. Their Panasonic scanner has made document scanning quick and painless.

- Using PaperVision® Enterprise WorkFlow, many departments have reduced their processing time **saving the county thousands of hours**
- **Saved 100% of documents** from loss, theft, or destruction by natural disaster
- Converted storage rooms into office space, **reclaiming nearly \$36,000 per year**
- Implemented in **only one day** per department
