Environmental Paper Network, 2019

How does desktop scanning help businesses?

- Simplifies information sharing to streamline processes and improve collaboration

- Increases information security by moving data from vulnerable paper documents into a secure electronic format

- Saves you money on costly physical storage by electronically storing all your business information

> **79%** of organizations realize they must transform into a true digital business in order to survive. —AIIM, 2019

PaperFlow™ helps businesses easily digitize and control information

"PaperFlow has improved how we run our business processes, making things smoother, quicker, and allowing secure access to information whenever we need it. We have saved $269,520 in four years since implementation!"
- Nye Horner, VP Sales and Marketing
AMHERST LABEL

"PaperFlow and PaperVision® are fantastic! Now when a student shows up for enrollment, we don't have to delay their enrollment and tell them to come back in a week when we finally find their records. The system is saving us more than **$1 million dollars** annually!"
- Fernando Marino, Director Business Solutions

Now that your documents are digital, what can you do with them?

Use PaperVision® or ImageSilo® to securely...

Manage anything

and send it anywhere

on any device.

Easily digitize your information today!
