

Focus on Patient Care Instead of Paperwork

Are routine office tasks hurting your healthcare services?

Medical paperwork makes up more than 33% of healthcare spending at a cost of \$812 billion per year in the US.

- City University of New York study

Nearly one in three doctors still spend 20 hours or more a week on paperwork.

- American Medical Association survey

Improve Patient Care with Automation and Digital Records

- Save lives with instant access to critical patient information
- Maximize efficiency with robotic process automation (RPA)
- Integrate easily with Electronic Health Record (EHR) systems
- Comply with HIPAA¹ and other healthcare industry regulations

*Healthcare Insurance Portability and Accountability Act

Learn how clients just like you...

- Saved \$437,500 a year
- Gained 817% return on investment
- Achieved 100% regulatory compliance
- Retrieved records 97% faster

Add Muscle to Your EHR System

Gain instant access to *complete* patient medical histories...anytime, anywhere.

- Retrieve doctors notes, archived patient files, and billing records by digitizing files.
- Integrate records into Electronic Health Record (EHR) systems and other business apps.
- Securely share any health record instantly via email, automated routing, and electronic delivery.

Save time and money by automating medical records and office work.

- Eliminate costly manual data entry with artificial intelligence-aided data extraction.
- Cut spending on document handling by managing and routing healthcare records digitally.
- Streamline billing and insurance reimbursements using electronic workflow.

Comply with HIPAA and other healthcare industry regulations.

- Avoid costly fines and lawsuits and easily meet HIPAA audit requirements.
- Disaster proof patient and office files by saving copies in multiple data centers.
- Provide patients timely access to healthcare and billing records.

"Patient records are readily accessible with PaperVision® Enterprise, which helps clinicians make life-saving decisions. We're saving \$437,500 every year in staffing, offsite scanning, and office supply costs, and efficiency throughout the hospital has greatly improved. "

- Kathy Lavelle, CFO, Woodstock Hospital
